Staged return to on-site schooling in Victoria Dear Parents and Carers,

As you will have all heard or read since Sunday, all Victorian schools will continue to provide remote and flexible learning for the remainder of Term 3 (and for the first week of T.4). The Victorian Government has now outlined the staged return to on-site schooling in Victoria in Term 4, as part of its gradual easing of coronavirus (COVID-19) restrictions.

The Department of Education will provide an update with more detail later this week. As soon as this arrives, we will forward it out to you via email, as a separate School Community Update.

The Bright family's Time Machine. Thank you also for the incredible video of Riley and Archie's adventure to 2050 & back!

Wishing you all a safe, supported and very successful last week of Term 3 ahead. Kind regards, Sonia & the staff of CPS. ©

Dealing with homeschooling under lockdown

by Michael Grose

If it takes a village to raise a child, we've lost the village while we're confined to our homes. Some kids are thriving, some are coping, and some are struggling - and the same could be said of the parents.

Parenting Ideas founder, renowned parenting educator and author Michael Grose joined the ABC Radio Melbourne's Conversation Hour to answer parents' questions about homeschooling, missing milestones, and discussing coronavirus with children.

We are going to continue with Jeff Roy's message: "The best and safest place for us to bright now is home". But instead of just removing people from well known artwork (and sending them home), I want you to replace the people with other things.

What to replace them with? Wonderful plants, insects, creatures from your imagination, dragens, unicoms...anything you like. You can continue it in the same style as the artist, or you can use your own style. You can do one or more—"to yet by toy you. When you have finished take a photo and email to me Boss.Adamsgeeducation.vic.gov.au
